

Information from Tochigi City

【Important】 Regarding alternative measures for the designated garbage bags

For any citizens, we apologize for inconvenience caused by refraining from purchasing the designated garbage bags more than required. For the time being, please dispose of garbage in the following ways.

These measures will be temporary until a stable supply is ensured. Therefore, with an understanding of the purpose, thank you so much for your cooperation in proper garbage disposal.

《Taking measures in case of difficulties in purchasing the designated garbage bags》

In case of difficulties in purchasing the designated garbage bags, please dispose of household garbage with any clear plastic bags or see-through translucent bags.

**【Bag color】 Any clear plastic bags or see-through translucent bags
(any colors not allowed)**

*You will be permitted to use the designated bags for plastic bottles / food trays / empty cans / empty bottles as the bags for burnable garbage.

【Bag size】

- For burnable garbage / plastic bottles / food trays: **up to 45-liter**
- For empty cans / empty bottles: **up to 30-liter**

【Items to be described】 Please describe the following details in large letters on each garbage bag.

- (1) Name of your neighborhood association (*jichi-kai*) or town name**
- (2) Your name**
- (3) Type of garbage**

(burnable garbage / plastic bottles / food trays / empty cans / empty bottles)

【Period】 From April 28 (Tue.), 2026 until a stable supply of the designated garbage bags is ensured.

Any clear plastic bags or see-through translucent bags

⇒ **Collected**

Any non-see-through bags

⇒ **Not collected**
